Finance Officer

- Station - Support
- Cash Overage

25X1A

REF. : [REDACTED], dated 11 March 1957

1. Consideration has been given to the facts involving the cash overage of \$100.00 given as reported in the above referenced dispatch.
2. It is suggested that this amount be retained in the cash overage and shortage account until close of business 30 April 1957, and that during the interim period additional efforts be made to disclose the reason for the overage. In this regard question is raised as to whether the overage could have occurred as a result of shipment of bulk currency to your station from either Headquarters or some other station acting as a funding mechanism. For your information, the Finance Division has re-checked its currency shipments to your station over the past year but can find no indication of an over shipment to you.
3. This is your authority to reflect the overage as a miscellaneous receipt as of 30 April 1957 in the absence of any additional findings. It is requested you advise this office of any additional action or information received in connection with this transaction.
